Bachelor of Arts in Linguistics and Phonetics

September 2017 – September 2021

PROFESSIONAL TRAINING

Ongoing

Practical learning and project-based training covering:

Python programming and application development.

APIs, JSON data, and integrating external services.

Data analysis with Pandas and NumPy.

Research & Documentation

Problem-Solving

Teamwork &

AWARDS

KCPE Certificate — December 2011

KCSE Certificate — December 2015

Bachelor’s Degree in Linguistics and Phonetics — December 2021

Python Programming Projects — 2026

Machine Learning Project Development — 2026

AI-Powered Application Development — 2026

School Management Dashboard Development — 2026

Interactive Developer Portfolio Development — 2026

Machine Learning with Scikit-learn — 2026

Python API Integration Practice — 2026

Web Development with HTML, CSS and JavaScript — 2026

Git and GitHub Version Control Practice — 2026

AI Data Annotation and Labelling Experience —

Machine learning fundamentals and classification using Scikit-learn.

AI APIs, prompt engineering, and AI-assisted applications.

HTML, CSS, JavaScript, and web development.

Building, testing, and troubleshooting practical software projects.

PROJECTS

EduTrack — *School Management and Assessment Dashboard*

Developing a digital school management application to support assessment recording, learner performance tracking, and school administration. Working on teacher, parent, and administrator interfaces, application configuration, and data management.

2024–Present

Travel Consulting and International Client Service — 2025–Present
